

THE
PIER HOUSE
DIARIES

Even construction sounds better
at Pier House Resort
Actually, everything is better here.

And just to keep it that way, we're renovating the Caribbean Spa and Garden buildings. But it won't bother you. Because you have gone off snorkeling on the Sebago Catamaran. Enjoyed lunch at the Beach Bar and Grille. Drifted off during a glorious Swedish massage. And watched the sun go down with a cool tropical drink in your hand on the Sunset Deck.

It's so glorious, we shouldn't have named it a Hard Hat Special. Just \$189 a night for all this, 9/5/05 - 9/30/05. Sure, some restrictions apply. But not many. See our [website](#) for details and reservations.

One Duval
Sunset Preview Menu

OH, THE JOY OF ISLAND LIVING.

Chef Tom Russo has unveiled his new Sunset Preview Menu of fresh local seafood (or steak if you must). Choose from a sampling of soup, salad, appetizer, entree and dessert at One Duval in the early evening so you can watch the sunset while you eat. Reservations: 305-296-4600 ext 570.

GUESS WHERE I AM ?

The only thing better than calling The Folks Back Home to make sure they know you're lounging by the pool or on the beach in Key West with a cool margarita is doing it via e-mail or instant messenger. The Pier House offers high-speed wireless by the pool, on the beach, in all rooms, suites and restaurants.
